Dezzi*s Lounge creates home & loungewear for women and men.

Collection presented at the 'Salon international de la Lingerie' in Paris

Women: body doll's of pure silk in bright colors and slips of silk reminding us of the pin-up women.

Men: luxury smoking jackets in a combination of silk and polyester in different colors. The fabric gives a rich brocade appearance. They remind us of the dandy.

Dezzi*s Lounge is more than fashion, it integrates film and theatre in its design. The Lounge is an invitation to come and look inside, to feel the ambiance.
